We request the immediate resignation of Bishop Michael Hoeppner as Bishop of the Diocese of Crookston. Just as clergy must resign when found guilty of sexual crimes and sins perpetrated under the guise of holiness and authority so must this Bishop resign for being a silent accomplice in these crimes and sins committed by clergy in the Diocese of Crookston.

By this Bishop's inaction, deceit, and indifference he has placed our youth in danger of becoming the next dehumanizing statistic in the Church's sexual abuse and misconduct crisis.

## This Bishop remains stubbornly indignant and seemingly unaware of his complete loss of credibility among the Catholics in the Diocese of Crookston.

Until a more trust-worthy leader is chosen, the Diocese of Crookston, and its surrounding community, will continue to suffer real spiritual, social, and financial damages. For these reasons, and to allow for the long process of recovery and rebuilding to begin, we request the immediate resignation of Bishop Michael Hoeppner as the Bishop of the Diocese of Crookston.
